

ALLIES IN DESPERATE ATTEMPT TO SAVE ROUMANIANS

Pres't Wilson Will Speak Here Thursday

WILL DELIVER TALK AT LAKE SHORE DEPOT

Word of His Coming is Re-
ceived Here and Plans Are
Begun For a Rous-
ing Welcome.

BUSY DAY SCHEDULED
FOR HIM AT CHICAGO

Will Deliver Three Addresses
While There—To be Guest
of Press Club at
Luncheon.

Woodrow Wilson, president of the
United States, will deliver a short
address to the people of South Bend
and vicinity at the Lake Shore depot
Oct. 19—next Thursday, at 9:34
a. m.

Word to that effect was received
by The News-Times and at local
democratic headquarters, from Dem-
ocratic National Committeeman
Hoffman of Fort Wayne, Monday
morning. This is a sudden promise
of an unexpected visit from the pre-
sident, and the local committee at
once launched plans for a rousing
welcome. The stop is made on the
president's way from Washington to
Chicago, where he delivers an ad-
dress Thursday night.

The promise of even a short talk
from Pres't Wilson here came as a
pleasant surprise to the local com-
mittee, which considered South Bend
quite favored with the presence here
of Sec'y William Gibbs McAdoo, who
is to divide time with U. S. Sen.
Kern and Taggart at the big demo-
cratic rally at the high school audi-
torium Friday night. It is not like-
ly that South Bend will get a lengthy
address from the president, but can
more than safely promise more than
Candidate Hughes afforded the pub-
lic from in front of the court house
at the time of his visit.

French Liner is In Port; Saw No German Divers

International News Service:
NEW YORK, Oct. 16.—Carrying
many distinguished persons and de-
fying the U-boat menace, the French
liner Lafayette arrived here today
from Bordeaux. A constant lookout
for submarines was maintained
throughout the voyage; particularly
off the French and American coasts.
Passengers did not learn of the ac-
tivities of the U-53 off Nantucket
until the board reached port. The
ship's officers had been informed of
the U-boat raid and as a result life-
boats were swung out for three days
after the vessel left Bordeaux. The

zigzag course.

HEATED DEBATES EXPECTED TODAY

Two Important Questions Are Before Episcopal Gen- eral Convention.

International News Service:
ST. LOUIS, Mo., Oct. 16.—The
general convention of the Protestant
Episcopal church have entered today
upon consideration of two general
problems which promise to provoke
just as much heated debate and in-
ternal dissension as did the matter
of marrying divorced persons which
provided the thrill of last week.
The house of deputies went into
session at 11 o'clock to consider
these:

A proposal to revise the prayer
book which includes the abbrevia-
tion of the ten commandments and
the classification of Jews with
"Turks, infidels and heretics," as en-
emies of the church. One wing of
the convention is strongly urging
adoption of this proposal. Another
wing is bitterly opposing it, and some
warm sessions are carded.

A proposal to create Negro
dioceses, and remove Negro parishes
from the white Episcopal fold. It is
the south against the north on this
problem, and like the other, it prom-
ises to provoke considerable turmoil.

Bishop William Lawrence reported
to the house of bishops and de-
puties today that he has realized one-
third of the \$5,000,000 for a church
pension fund.

Resolution Was Received in Time

International News Service:
SHADOW LAWN, LONG
BRANCH, N. J., Oct. 16.—It was
learned today that the senate resolu-
tion seeking clemency for Roger
Casement reached England before
the execution took place. It was
considered by the British govern-
ment but without result. It had
been believed by many persons, in-
cluding Casement's sister in Phila-
delphia that the resolution arrived
in London too late.

The information concerning the
Casement resolution was contained
in a letter written today by Sec'y
Tumulty to Michael F. Doyle, asso-
ciate counsel for Casement.

\$212,469 IS RECOVERED BY ACCOUNT BOARD

Report of Work Done in the Past Six Months is Made to Gov. Ralston—Last Year's Mark Bettered.

HAS "BUDGET" SYSTEM FOR ALL INSTITUTIONS

Will Furnish Accurate Infor- mation For Executive Rec- ommendations and For Legislative Reviews.

News-Times Special Service:
INDIANAPOLIS, Oct. 16.—The
Indiana state board of accounts,
during the year from July 1, 1915,
to June 30, 1916, made recoveries
and collections from and found ir-
regularities chargeable against pub-
lic officers in the governmental di-
visions of the state to a total amount
of \$212,469.47, according to the bi-
ennial report from Gilbert H. Eon-
dren, state examiner of the state
board of account, to Gov. Ralston.
The report was made public Mon-
day.

The total amount of public
money, chargeable against officials,
was greater during the last report
year of the board than during the
preceding year, when the total
amount was \$202,934.75. The 1915-
16 total was made up as follows:

By payment of shortages, during examination of officers	\$78,719.37
By payment to municipal-ities	7,313.76
By payment to state board of accounts	14,269.63
By court collections	9,059.36
By cases certified to gov-ernor (now pending)	18,006.24
By cases pending in pro-cess of settlement by the state board	85,251.06
Total	\$212,469.47

Cost is Less.

The report also shows that the cost of maintaining the state board of accounts during the year from July 1, 1915, to June 30, 1916, was \$171,165.11, as against a total of \$184,021.12 the preceding year and a total of \$250,039.56 for approx-imately 3 months ending June 30, 1914. The per diem paid to field examiners for the last board year was \$132,334. as against \$145,748 the preceding year and \$205,420 for the year ending June 30, 1914.

A "budget" system also has been prepared for the state institutions, for the purpose of determining in the most intelligent manner their actual needs.

A continuous inventory system for the "store-rooms" of state institu-tions has been prepared, the report shows.

The state board has prepared a complete "budget" system for state offices, institutions, boards, bureaus, and commissions, county, city, town and township offices, and the "bud-get system" have been distributed to these officers, the report says, after entering upon a long defense of the budget idea.

"The budget, as prepared, will furnish accurate information for executive recommendations, and a basis for legislative review, criticism and final action and it will not in any way infringe upon the constitu-tional prerogatives of the members of the general assembly."

Explains Two Lists.

The report takes up the subject of the old price list guide contro-versy and explains why two guides were issued by the board, the lat-ter devoid of the names of specific dealers, where average prices for township supplies were quoted as guides to the trustees. A total de-crease of \$269,147.24 was affected in the purchase of road and school supplies in the state during 1915 because of the repressive effect of the price list guide, according to the claims of the report.

In conclusion the report declares that "We confidently state that from a conservative estimate this department, as a result of its exam-inations and investigations of pub-lic offices and public building con-tracts, aside from the actual recov-eries in dollars and cents, is saving to the taxpayers of the state more than one million dollars annually."

The repressive effect of the law is

Allies Lost 74 Airships During The Past Month

International News Service:
BERLIN (via Sayville wireless), Oct. 16.—Seventy-four British and French aeroplanes were destroyed or captured by the Germans in Sep-tember, according to official figures given out through the Overseas News agency today. Fifty-three of the machines were British and 21 French. Among the French aero-planes were nine Caudrons, 11 Nieuports and one Morane. Among the British machines were one Nieuport, one Bristol, three Avros, seven Vickers, seven Martins, one Sop-with and two Farman. Twenty-three of the aeroplanes were burned and the inmates were burned be-yond identification.

The agency made this comment:

Followers of Gen. Gutierrez Defeat Gang Which Rob- bed Americans' Store.

International News Service:
FIELD HEADQUARTERS IN MEXICO, Oct. 15, (via Columbus, N. M.), Oct. 16.—Followers of Gen. Gutierrez have captured and slain four of the bandits who robbed Tay-lor Brothers' store in Colonia Juarez, recovering practically all the loot that the brigands had carried off. The stolen property was return-ed to its owners.

News of Gutierrez's exploit reach-ed Maj. Gen. Pershing's headquar-ters today from the American cav-alry squadron sent out on Saturday to protect Mormon colonists at Co-lonia Juarez.

Gutierrez is a strange product of the Mexican revolution. He has about 100 men and refuses to swear allegiance to either Gen. Carranza or Villa. His men always have re-spected foreign property.

JAPS WILL NOT PRESS FIGHT ON WEST LAND LAW

New Regime is Preparing to Forget Controversy Which Grew Out of Action by California.

WILL SEEK FRIENDSHIP OF THE UNITED STATES

New Ambassador Announces That Nation Will Protest Against Burnett Immi- gration Bill.

International News Service:
WASHINGTON, Oct. 16.—The new regime in Japan is prepar-ing to "forget" the controversy over the California law forbidding Japanese citizens to own land in that state, Ambassador Sato, the new Japanese diplomatic representative here, made this plain today in an interview with a representative of the International News Service. He also expressed as his opinion that Japan will, in every possible way, demonstrate her friendship toward the United States.

This statement is interpreted by students of the situation in the far east to mean that before the present at least, one of the largest under-the-surface causes for friction which has jeopardized relations between the United States and Japan.

To Forget Controversy.

"We realize in Japan the consti-tutional restriction which prevents the federal government from inter-fering with the legislative enact-ments of a single state," the am-bassador said today. "In conse-quence we shall 'forget' the con-troversy altogether."

The new ambassador will, how-ever, press the protest against the alleged inclusion in the Burnett im-migration bill to come before the senate next December, of the Jap-anese as among the "inferior" races that cannot enter America. Am-bassador Chinda, predecessor of the present diplomatic representative of the Tokyo government, twice pro-tested to the president against the portion of the Burnett bill under-stood to prevent, by inference, the naturalization of Japanese.

Matter Not Pressing.

"My government is convinced that the Burnett law, while it makes no direct mention of the Japanese," Ambassador Sato said, "is designed to prevent the naturalization of Japanese citizens in this country. Against such legislation we shall continue to protest. However, that matter is not pressing because con-gress is not in session now, and nothing immediate can be done."

The ambassador expects to go to Shadow Lawn very shortly, pos-sibly the latter part of this week, to call upon the president formally and present his credentials. He already has presented his creden-tials to the secretary of state.

Takimas, chairman of the strike committee, was arrested while he was making an inflammatory speech announcing he would prosecute the strike "with every inch of his blood and every ounce of his flesh." Prospects for a settlement of the strike seemed remote this afternoon. The meeting was marked by fiery speeches against a resumption of work pending an adjustment of the differences.

An attempt to kill Police Inspector Cady early today was the only shoot-ing reported. At the conclusion of the strikers' meeting renewed out-breaks of violence seemed imminent, however.

DOUBLE DRIVE IS MADE BY ALLIES

Italy and Russia Are Trying to Force Austrians to Let Up on Roumania.

International News Service:
LONDON, Oct. 16.—Russia and Italy have joined hands in an effort to weaken the Teuton pressure against Roumania. Following the renewal of the Italian offensive the Russians are making violent attacks on the Galicia and Volhynia. Dis-patches from Petrograd today dwell upon the fierceness of the fighting in the Carpathians and on the Stok-hod river front in Volhynia.

The object of this double drive is to prevent the Austro-Germans from sending reinforcements to the assistance of Field Marshals von Falkenhayn and von Mackensen and to compel the Teutons, if possible to move troops from the Transylvanian and Dobruja thea-ters of war to meet the new pres-sure.

The resumption of the drives to-ward Lemberg by the Russian's and by the Italians already is showing results.

Bucharest reports that the Aus-tro-Germans are being held up on the frontier except at one point where von Falkenhayn's men were able to penetrate six miles into Roumania. A battle has developed near Ruckau, where desperate ef-forts are being made by the Rou-manians to force back the Teutons. In Dobruja the roar of battle is heard all along the Danube. Von Mackensen's hosts are making a tremendous effort to cross the river, but are being held by the Roumanian forces. At many points long range artillery duels are taking place across the stream. Fighting is in progress all along the line in Macedonia. The Bulgarians have made unavailing efforts during the last 48 hours to recapture ground lost to the Serbians, losing heavily. British artillery is pounding the im-portant Greek city of Seres, which is held by the Bulgars.

International News Service:
WASHINGTON, Oct. 16.—Acting Sec'y of the Navy Benson, an-nounced today that the navy de-partment had ordered complete in-vestigation of the mysterious explo-sion at East Machias, Me., on the theory that "some violation of American neutrality" may be in-volved. FOUR DRIVES ARE STARTED; BRITISH GAIN

Hard Blows Are Struck on the Somme Front, Where Ger- man Counter Assaults Led to Engagement.

ITALIAN DRIVE COMES TO HALT SAYS VIENNA

Allies Are Meeting With Stub- born Resistance in Mace- donia—Teutons Gain in Roumania.

The anxiety that the allies feel over the fate of Roumania is shown by the fact that they are on the of-fensive on four fronts.

Hard blows have been struck on the Somme front, where the counter assaults of the Germans have led to a big engagement. The French pen-etrated Sully Saillet, repulsing German counter attacks with heavy blows. Further north the British gained ground and beat off powerful counter blows.

On the eastern front the Russians are pounding at the Austro-German lines over a wide front in Galicia and Volhynia.

Vienna officially announces that the Italian drive has been brought to a standstill, but advises from Rome tell of continued fighting with the Italians on the offensive.

In Macedonia the allies are meet-ing with stubborn resistance. The Serbians have made some gains, but at a heavy cost. British artillery is shelling the Bulgarian-held city of Seres.

Gen. von Falkenhayn's Austro-German army that invade Roumania through Gymer pass, has advanced six miles. In Dobruja fighting is in progress all along the Danube with von Mackensen trying to find a weak place to break through.

September was a month of heavy air fighting. It was officially an-nounced in Berlin that 74 British and French machines were shot down last month.

FIGHTING RESUMED.

International News Service:
PARIS, Oct. 16.—Another out-burst of violent fighting has develop-ed on the Somme front. North of the river the French, extending their drive, have penetrated Sully Saillet, the French war office an-nounced today.

The Germans pushed home power-ful counter attacks and the fighting which thus developed is continuing, according to the communique.

After entering the German posi-tion at Sully Saillet, the French en-gaged the Germans in the streets and were able to occupy some of the houses along the Bapaume highway.

The fighting then extended to the cellars and subterranean forts of the Germans where in the darkness of these caves, the men fought hand-to-hand with bayonets and bombs.

The French attack at Sully Saillet followed assaults by the British near Thiepval and French at-tacks are under Abbeville at the extreme southern end of the front.

ATTACKS PAUL

International News Service:
LONDON, Oct. 16.—German troops on the Somme front made a powerful effort to win back some of their lost ground from the British last night, but failed.

The war office in an official state-ment today said that the Germans attacked in the vicinity of Schwaben redoubt, on the Thiepval-Courcelette line, but were repulsed with heavy losses.

The British and French again are attacking in unison in an effort to throw a ring around Bapaume.

ITALIANS CHECKED.

International News Service:
